About Zurich UAS Racing

Zurich UAS Racing (ZUR) is a student association with 80 members from over 22 study programs, united by the goal of competing in Formula Student – the world's largest engineering competition. Each year we design, build, and test an electric and autonomous race car to compete against top universities across Europe, offering students hands-on experience, project skills, and an international career network.

Your Tasks

- Your goal is it to make sure that the whole venture runs smoothly and transition to new leadership happens without significant knowledge loss.
- In the beginning you will be working closely with the CFO but later also expand to the rest of the leadership team.
- You will look at the current processes, document them, analyze them and work out real world improvement opportunities.

Your Profile

- You are enrolled at ZHAW and interested in building exciting collaborations — while background in business administration or business IT is helpful, it's not required.
- Applications are possible from the first semester onwards and experience in process analysis & documentation is an advantage
- You enjoy understanding the details of how things works fully and like continuously improving them.
- You enjoy participating in association life and are motivated to do more together. An interest in motorsport is a big plus

Benefits

- We offer the opportunity to gain relevant on-the-job experience and apply what you have learned during your studies
- In addition, you can join us on test days, team events and, of course, ultimately the races throughout Europe
